On amusing and colorful journey  
through flavors from around the world.

## SPIRIT

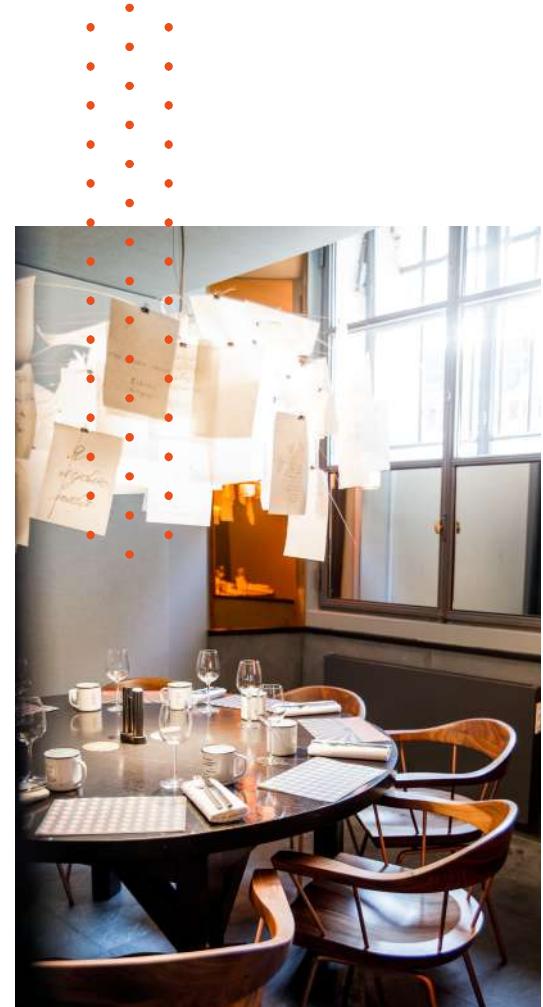

*“Spoon is the child of my travels. Today, it is the epic saga of the flavors of the Orient that defined the Spice Route that I want to tell.”*

*ALAIN DUCASSE*

It was after his travels in India and the Middle East that Romain Meder wished to share his knowledge with Hisanobu Shigeta in order to develop Spoon's new menu. There are even some explorers who share their treasures!

## SETTING THE TABLE

Located in the Palais Brongniart, Spoon offers a culinary journey full of surprises that will entertain you as much as it will inspire you to dream.

## CUISINE AND TEAM

Spoon takes you on a journey that follows the aromatic traces of spice. Shrimp Mumbai, Spring Chicken Kassala, Sago Alexandria — every city has its recipe. Taking inspiration from the diversity of the terroirs discovered by Alain Ducasse during his travels, the cuisine at Spoon is resolutely lively and amusing, and always authentic.

In the kitchen, Chef **Hisanobu Shigeta** proposes a colorful and aromatic cuisine, with recipes full of character and daring. “I love to eat. I love to travel. I love to discover...” — voila the ideal person to lead us along the Spice Route.

In the dining room, **Bruno Khemouche** welcomes you for a moment of relaxation, rich in flavors in a friendly, festive and warm atmosphere.
